Dear Shareholders,

Assalamu alaikum wa rahamatullahi wa Barakatuh!
(May the Peace, Mercy and Blessing of Allah be with you!)

On behalf of the Board of Directors and the Management team of Al Madina Insurance Company SAOG ("Al Madina" or "the Company"), I am pleased to present the financial results of the Company for the period ended 30th September 2026.

Through the successful execution of strategic initiatives, Al Madina has enhanced operational efficiency in Q3 2026, reflecting the strength of its business model and disciplined execution of strategic priorities. Despite geopolitical uncertainties and evolving regulatory requirements, the Company maintained its growth momentum and continued progress across key business segments.

In recognition of the Company's outstanding achievements in the Takaful sector across various dimensions, including consistent financial performance, exceptional customer service, technical excellence, innovation, digital transformation, and market leadership, Your Company was honored with the **"Best General Takaful Provider in the Middle East Region – 2026"** award at the UK-based Global Banking & Finance Review Awards. Furthermore, the Company was featured in an exclusive interview conducted at the London Stock Exchange, reflecting the growing recognition of Al Madina's capabilities and achievements on an international platform. These accolades further strengthen our commitment to advancing excellence in Takaful solutions, enhancing customer experience, and delivering sustainable value to our stakeholders.

Your Company maintained strong business momentum in Q3 2026, with Gross Written Contributions (GWC) of RO 36.48 million, compared with RO 37.65 million in the corresponding period last year. Performance was supported by strong customer retention, selective acquisition of new business, and disciplined underwriting focused on profitable segments.

Despite ongoing geopolitical uncertainties, a challenging retakaful environment, and increased claims due to torrential rains across business segments, Your Company demonstrated resilience by maintaining profitability and reporting Profit After Tax and Other Comprehensive Income (OCI) of RO 0.69 million for Q3 2026. The Company remains committed to sustainable growth, operational excellence, and creating long-term value for its stakeholders.

Results from Operations

The global retakaful market continues to remain challenging, with higher costs and lower commissions due to reduced capacity and rising claims. Al Madina sustained growth by maintaining adequate reserves and diversifying across business lines ensuring resilience and balance in its operations. Recognized Takaful Contribution increased by 9%, reaching RO 33.19 million compared to RO 30.40 million in Q3 2025.

Your Company continues to strengthen core competencies, optimize claims, and leverage digitalization to improve efficiency, enhance customer experience, and deliver long-term value to participants and shareholders.

Investment Income

The investment environment continues to remain very volatile on account of geopolitical tensions, interest rate scenario and fluctuating oil prices. Despite these external pressures, your Company delivered a resilient investment performance in Q3 2026, achieving an 11% increase in investment income.

The total investment income grew to RO 1.70 million (comprising both shareholders and participants funds), as compared to RO 1.53 million in Q3 2025 with the portfolio positioned conservatively to mitigate market volatility.

Your Company continues to prioritize capital preservation and liquidity, while seeking selective opportunities to enhance yield within approved risk parameters. We are closely monitoring global developments to ensure that our investment strategy remains aligned with evolving market conditions while ensuring full compliance with Shariah principles and the investment regulations set by the Financial Services Authority (FSA).

Shareholders' profit

Al Madina continued to deliver a profitable performance for shareholders reporting Shareholders Fund reported Profit After Tax of RO 1.91 million, as compared to RO 2.37 million recorded in Q3 2025.

Risk Management

Your Company remains committed to strong corporate governance, accountability, and ethical conduct, ensuring continued compliance with FSA and other regulatory requirements. Risk management remains a key priority, with ongoing focus on underwriting, reserving, retakaful structuring, operational, and investment-related risks, supported by effective internal audit and compliance oversight.

Company's Outlook & Vision

Your Company remains optimistic about Oman's economic outlook and the promising growth potential of the Takaful industry in 2026. The resilience of the local market, coupled with increasing public and foreign investment, sets a strong foundation for continued progress in the insurance sector this year.

To capitalize on these opportunities, our strategic priorities will center around maintaining stability, driving sustainable growth, and fostering innovation. We aim to elevate customer experience, introduce new product offerings, and invest in cutting-edge technologies and automation to enhance operational efficiency. At the same time, we stay vigilant to emerging challenges particularly within the global retakaful landscape, where natural catastrophes and capacity limitations may impact pricing and availability. As part of our ongoing transformation, your Company continued to drive the digitalization and automation of its claims processes. These initiatives aim to enhance cost efficiency, expedite salvage disposal, and significantly improve service delivery, contributing to an elevated customer experience and fostering long-term sustainability.

The anticipated rollout of mandatory health insurance is expected to provide a significant boost to the health insurance segment. Al Madina views this as a promising opportunity for expansion, especially as Oman leverages its strategic geographic location to emerge as a global hub for tourism and hospitality. In preparation, we are focused on increasing our visibility and market penetration through strategic partnerships, as well as the establishment of kiosks and agency outlets at key locations across the Sultanate. Motor claims costs are rising, however pricing adjustments are expected to address this trend gradually.

As a leading Takaful operator, Al Madina remains deeply committed to integrating Environmental, Social, and Governance (ESG) principles into both our insurance operations and investment strategies. Our efforts in embedding sustainable practices have led to meaningful progress in protecting the environment and supporting community development initiatives.

In alignment with national objectives, we continue to invest in the professional development of Omani talent. Our recently launched Mentoring Program, alongside comprehensive training efforts, is designed to equip young Omani professionals with the skills required to take on leadership roles, particularly in technical domains.

Looking ahead, while external uncertainties persist, your Company remains well-positioned to navigate potential challenges. Our focus will remain on maintaining robust underwriting fundamentals, deepening market presence, and contributing to Oman's national goals, including Omanization and job creation. We remain committed to pursuing Shariah-compliant investment opportunities that offer strong returns for both shareholders and participants. Through disciplined underwriting, strategic sales initiatives, and a customer-centric approach, your Company is well-positioned to deliver sustainable growth, operational profitability, and long-term value creation for participants and shareholders in 2026 and beyond.

Acknowledgements

We extend our sincere gratitude to our valued customers, trusted business partners, shareholders, the Sharia Supervisory Committee, highly motivated management team and our dedicated employees for their unwavering commitment and contributions. We also wish to acknowledge the ongoing support of the Financial Services Authority and commend their efforts to strengthen the insurance sector particularly their focused initiatives toward the development and growth of the Takaful industry in Oman.

On behalf of the Board, I take this opportunity to convey our deepest respect and gratitude to His Majesty Sultan Haitham Bin Tarik Al Said for his visionary and progressive leadership. We remain confident that under His Majesty's guidance, the Sultanate will continue its path of sustainable growth, advancement, and national prosperity.

May God Bless you all.
